Our satisfied clients:

..."Thanks for such a fantastic evening"....
...we had a perfect day and everyone loved the slideshows and all the music, I think we danced most of the night.
Mr & Mrs Alford

..."you interacted with the crowd who wanted more"....
Thank you for making our wedding reception extra special and for getting everyone to dance into the early hours of the morning. We were a little worried at one point when no one seem to want to move from their seats but DJ Spacebar really did know how to save the day!! The slide shows were brilliant, we hadn't told anyone about them and all the guests kept telling us on the night that it was such a wonderful idea and a really good way to break up the evening.

..."you guys really made the difference"....
We had such a fantastic time and wanted to say thank you for all your hard work. We have had some great comments from our guests and they have all said that you guys really made the difference. The guestbook or 'diary room' caused lots of hilarity and was the talk of the party. *Sarah & Nik*

..."made the evening, an evening to remember"....
I just wanted to email you to say thank you so much for the brilliant performance on Saturday night The music was super and enjoyed by all - no matter what age - and the organization and work you put into it was extremely professional and made the evening, an evening to remember. Your personalities added to all this, and the result was absolutely great fun.
Again, thank you.
