## Sizes....

The most common sizes dance floor for a wedding is 14x14 or 16ft x 16ft which works for most size wedding from 50 guest's up to 200 guests. We are able to

## Why choose SPACEBAR for your floor...?

Our RGB floors are wired—which means when people are dancing on the floor, there will be no disconnections of the panels. Wireless floors are prone to this problem (many suppliers won't tell you about this until it's too late). When you hire our dancefloors, we do our best to ensure everything is well planned and discussed in advance. By asking the right questions and speaking with you about layout, timings and size of the floor. You can be sure your event will run smoothly. Once we install a

dance floor the edging is put into place and then secured to the floor with high-tack grey tape minimising any panels or edging coming

## Extras....

Some dance floor companies can't offer any extras but we can as we a part of a larger rental group which allows us the flexibility to be able to offer our customers things like the IDJ digital systems, DJ , Mood lighting, LED back drop draping, LOVE Letters and much more.
